

SolidWorks Video Course DVD - Volume Index (25:02hrs)

by Video-Tutorials.Net

Version Release Date: October 2009

VOL 1 (6:01 hrs) - SW 2009	VOL 2 (4:41hrs) - SW 2007	VOL 3 (4:52 hrs) SW 2007 & 2008	VOL 4 (5:31 hrs) SW 2008 & 2007	Volume 5 (3:57 hrs)
Basic Training (219 mins, 62 vids)	Surface Design (281 mins; 61 vids)	Weldments (57 mins; 14 videos) 2007	Sheet Metal 2007 (120 mins; 31 videos)	Drawing (100 mins; 41 videos) 2009
01 Introduction - Welcome	01 Curvature Options	01 Structural Member	01 Bend Allowance	01 Introduction to Drawing
02 Parametric Modeling	02 Zebra Stripes	02 End Caps	02 Applying K-Factor	02 Model View
03 SolidWorks 2009 Interface	03 Geometric Continuity	03 Gusset	03 Bend Allowance/Deduction	03 Hiding Edges
04 First Sketch	04 Extruded Surface	04 Filled Bead	04 Bend Table	04 Section View
05 Rectangle Tool	05 Surface Trim	05 Trim-Extend	05 Gauge Table	05 Ordinate Dimension
06 Select	06 Boundary Surface	06 Insert Part	06 Creating Base Flange	06 Detailed View
07 View Manipulation	07 Fillet	07 Custom Profile	07 Edge Flange	07 Import Dimensions
08 Circle Tool	08 Project Curve	08 Sub-Weldment	08 Trim Side Bends & Offset	08 DimXpert Annotations
09 Arc Tool	09 Thicken	09 Move-Copy	09 Auto Relief	09 Crop View
10 Relations	10 Half Pipe Connection	10 Extruded Cut	10 Custom Relief	10 Hole Callout
11 Slot Tool	11 Sketch Cross-Connection	11 Configurations	11 Miter Flange	11 Hide/Show Annotations
12 Ellipse Tool	12 Pipes Cross-Connection	12 Project (3d Sketch)	12 Hem Tool	12 AutoDimension
13 Dimensions	13 Filled Surface	13 Project 2	13 Sketched Bend	13 Foreshorten Dimension
14 Extruded Boss	14 Lofted Surface	14 Cut List (Drawings)	14 Closed Corner	14 Add Sketch
15 Training Exercise	15 Swept Surface	Mold Design (28 mins; 12 videos) 2007	15 Jog	15 Insert Note
16 Contour	16 Swept Twist	15 Move Face	16 Break Corner/Corner Trim	16 Properties
17 Thin Option	17 Swept (Follow Path)	16 Scale	17 Break Flat Pattern	17 Edit Title Block
18 Trim Tool	18 Planar Surface	17 Parting Line	18 Tab	18 Link to Properties
19 Offset Entities	19 Face Curves	18 Straddle Faces	19 Lofted Bend	19 Link to View
20 2D Fillet	20 Intersection Curve	19 Undercut Detection	20 Extruded Cut	20 Create Template
21 2D Chamfer	21 Offset Surface	20 Parting Line II	21 Simple Hole	21 Change Reference
22 Mirror Entities	22 Ruled Surface	21 Shut off Surfaces	22 Unfold & Fold	22 Save with Reference
23 Dynamic Mirror	23 Insert Pictures	22 Parting Surface	23 Flattened State	23 Assembly Overview
24 Training Exercise	24 Creating Bottom Surface	23 Tooling Split	24 The Design Library	24 Custom View
25 Extruded Cut	25 Revolved Surface	24 Core	25 Creating a Library Feature	25 Custom Cut
26 Mirror Tool	26 Middle Surface Bodies	25 Mold Assembly	26 Creating a Forming Tool	26 Section Depth
27 Training Exercise	27 Solid Body	26 MoldflowXpress	27 Using a Forming Tool	27 Hide-Show
28 Constant Radius Fillet	28 Bathroom Sink	PhotoWorks (149 mins; 33 videos) 2007-8	28 Forming Tool Command	28 Re-define View
29 Variable Radius Fillet	29 Filled Surface	27 Start PhotoWorks	29 Insert Bends	29 Center Mark
30 Face Fillet	30 Base & Drain Pipe	28 Options	30 Vent	30 Broken-out Section
31 Full Round Fillet	31 Funnel (Creating sketch)	29 Interface	31 Fill Pattern	31 Insert Break
32 Fillet Xpert	32 Funnel Body	30 Render Wizard	FeatureWorks (21 mins; 11 videos) 2008	32 Exploded View
33 Chamfer	33 Extrude Surface (Handle)	31 Apply Material	32 Add-In	33 BOM
34 Shell	34 Support Sketch (Handle)	32 Texture Mapping	33 Options	34 Add Equation
35 Training Exercise	35 Lofted Surface (Handle)	33 Illumination	34 Import Geometry	35 Split BOM
36 Training Exercise	36 Adjusting Handle	34 Surface Finish	35 Import Diagnostic	36 Weldment Cut List
37 Training Exercise	Case Study - Video Game	35 Configurations	36 Automatic Recognition	37 Relative to Model View
38 Training Exercise	37 Circuit Board	36 Custom Material	37 Local Recognition	38 Weld Beads
39 Revolved Boss	38 Housing (Solid Body)	37 Create From File	38 Interactive recognition	39 AutoBalloon
40 Revolved Cut	39 Surface (Top Housing)	38 Linked Material	39 Partial Recognition	40 Hole Table
41 Exercise	40 Surface (LCD Opening)	39 Pack and Go	40 Volume feature	41 Detached Drawing
42 Linear Pattern	41 Surface (Bottom Housing)	40 Scene Editor Overview	41 Combine Options	What's New in 2008 (52 mins; 27 videos)
43 Crcluar Pattern	42 Fillet (Housing)	41 PhotoWorks Studio	42 Re-Recognize	42 User Interface
44 Curve Driven Pattern	43 Battery Cover	42 Showrooms	Toolbox (37 mins; 17 videos) 2008	43 3D Sketch Mirror
45 Create Axes	44 Create Assembly	43 Reflection	43 Add-In	44 3D Sketch Symmetry
46 Create Point	45 Creating Shell	44 Light Property	44 Structural Steel	45 3D Sketch Blocks
47 Create Planes	46 Edit Battery Cover	45 Fog Quality	45 Beam Calculator	46 Rapid Sketch
48 Hole Wizard	47 Insert Assembly	46 New Decal	46 Send to	47 Sketch Xpert
49 Hole at an Angle	48 Creating Buttons	47 Apply Mask	47 O-Ring Groove	48 Spline Continuity
50 Hole on Cylindrical Face	49 LCD Opening	48 Use Multiple Decal	48 Retaining Ring Groove	49 Equal Curvature
51 Basic Sweep	50 Top Housing (Details)	49 Page SetUp	49 Creating Cam	50 Fillet Expert
52 Basic Swept Cut	51 Dial Pad (Details)1	50 Image Quality	50 Create Configurations	51 Boundary Surface
53 Basic Loft	52 Dial Pad (Details)2	51 Render to File	51 Create Parts	52 Hole Series
54 Appearances I	53 Dial Pad (Add Fillets)	52 Assembly Materials	52 Using Toolbox Browser	53 Hole Wizard
55 Appearances II	54 Buttons Openings	53 Contour Rendering	53 Using Pattern	54 Instant 3D
56 Rib	55 Battery	54 Assembly Decal	54 Using Smart Fastener	55 Circular Pattern
57 Draft - Neutral Plane	56 Add Ribs Top Housing	55 Indirect Illumination	55 Enable-Disable	56 Split line
58 Draft - Parting Line	57 Add Ribs Bottom Housing	56 Caustics Effects	56 Applying Color	57 Split Parts
59 Draft - Step Draft	58 Add Bosses (Bottom)	57 Global Illumination	57 Alternate File Name	58 Swept Cut
60 Draft Xpert	59 Holes (PC Board)	58 Ray Tracing	58 Default Fastener	59 Isolate
61 Sketch Image	60 Add Bosses (Top)	59 Using Camera	59 Automatic Fastener Change	60 Assembly Expert

SolidWorks Video Course DVD - Volume Index (25:02hrs)

by Video-Tutorials.Net

Version Release Date: October 2009

VOL 1 (6:01 hrs) - SW 2009	VOL 2 (4:41hrs) - SW 2007	VOL 3 (4:52 hrs) SW 2007 & 2008	VOL 4 (5:31 hrs) SW 2008 & 2007	Volume 5 (3:57 hrs)
62 Using Symmetry SKETCH (78 mins; 31 videos)	61 LCD Openings (Details)	Motion Study (56 mins; 14 videos) 2008	Utilities (32 mins; 16 videos) 2008	61 Feature Driven Pattern
63 Polygon		60 Activating Motion Study	60 Activate Utilities	62 Hole Alignment
64 Select		61 Animation Wizard	61 Compare Documents	63 Layout Sketch - Assembly
65 Convert Entities		62 Edit Animation	62 Save Report	64 Assembly Mates
66 Construction Geometry		63 Interpolation Modes	63 Compare Features	65 Selection Tools
67 Move		64 Save Animation	64 Compare Geometry	66 Smart Fastener
68 Copy		65 Color & Transparency	65 Thickness Analysis	67 Motion Study
69 Rotate		66 Screen Capture	66 Symmetry Check	What's New in 2009 (80 mins; 39 videos)
70 Scale Entities		67 Record History	67 Find Features	68 Introduction
71 Linear Sketch Pattern		68 Using Camera	68 Modify Features	69 Converting Files
72 Circular Sketch Pattern		69 Using Named Views	69 Suppress Features	70 Interface
73 Create Sketch from Selection		70 Using Distance Mates	70 Simplify	71 Magnifying Glass
74 Over-define Sketch		71 Using Angular Mates	71 Feature Paint 1	72 Appearances
75 Copy Sketch		72 Using Path	72 Feature Paint 2	73 Move/Copy
76 Edit Sketch Plane		73 Camera Sled	73 Power Select	74 Equation-Driven Curves
77 Check Sketch for Feature			74 Report Manager	75 Numeric Sketch Input
78 Derived Sketch			75 Geometry Analysis	76 Repair Sketch
79 Sketch Text			API / VBA (121 mins; 39 videos) 2008	77 Slot Entities
80 Sketch Block			76 What is VBA	78 Stretch Sketch Geometry
81 Belt-Chain			77 Interface	79 Use Blocks in Sketches
82 Traction Relation			78 Controls	80 Missing Sketch Entities
83 Make Path			79 Event	81 Missing References
84 Fully Define Sketch			80 Simple Program	82 Lip & Groove
85 Align Grid Origin			81 Data Types	83 Instant 3D in Assemblies
86 Rapid Sketch			82 Variables	84 Instant 3D Live Section Planes
87 Creating Spline			83 Putting Data in Variables	85 Mirrors & Patterns
88 Editing Spline			84 Expressions and Math Operators	86 Instant 3D Weldments
89 Fit Spline			85 Floating-Point Math	87 Solid Swept Cut
90 Layout Sketch			86 TabIndex	88 Measure Tool
91 Make Part from Block			87 Built-In Functions	89 Convert to Sheet Metal
92 Positioning Sketch			88 Numeric Functions	90 Cross Breaks
93 Line Format			89 String Functions	91 Weldments
Assembly (70 mins; 22 videos)			90 Date and Time Function	92 Trim & Extend
94 New Part			91 Data Inspection	93 Gusset
95 In-Place Mates			92 Data Conversion Functions	94 End Cap
96 External References			93 Format Function	95 BOM in Assemblies
97 Empty Part			94 MsgBox Function	96 Copy BOM
98 Simple Hole			95 InputBox Function	97 Clearance Verification
99 Extruded Cut			96 Comparison Operators	98 Hinge Mates
100 Linear Pattern			97 If, Else Statements	99 Dimension Jog
101 Hole Wizard			98 Logical Operators	100 Title Blocks
102 Hole Series			99 Select Case	101 Center Marks in Slots
103 Linear Component Pattern			100 While Loop	102 SpeedPak
104 Mirror Components			101 Do While Loop	103 eDrawings
105 Applying Mates			102 Do Until Loop	104 AutoDimension & Relations
106 New Sub-Assembly			103 For Loop	105 Base Loft Recognition
107 Update Holders			104 The Other Do Loops	106 Mirror Patterns
108 Fix / Float			105 On Error	107 New in PhotoWorks
109 Join			106 Errors	
110 Add Equation			107 Call Statement	
111 Assembly Sketch			108 Modules	
112 Using Folders			109 Record Macro	
113 Using Envelopes			110 Run Macro	
114 Using Cavities			111 What's Been Recorded	
115 Set to Lightweight			112 Menu	
			113 Custom Macro Button	
			114 Edit Macro	
VOLUME 1	VOLUME 2	VOLUME 3	VOLUME 4	VOLUME 5
